

3rd *fib* Italy YMG Symposium on Concrete and Concrete Structures

‘Concrete challenges in a sustainable perspective’

9th-10th November 2023, Politecnico di Torino, Torino (Italy)

Contributions from young engineers are welcome for the third edition of the *fib* Italy Young Members Group **Symposium on Concrete and Concrete structures**.

The Symposium is an opportunity to share your research and expertise in an open forum on recent advances and challenges in the field of concrete structures. The submissions will be reviewed by *fib* members and best papers will receive the **award**:
"fib Italy YMG Award for best advances in concrete and concrete structures"

Organizing Committee:

Marta Del Zoppo, Isabella Giorgia Colombo, Diego Gino, Diego Talledo
Giuseppe Ferrara, Simone Labò, Simone Spagnuolo, Elena Miceli, Simona Bianchi

Registration fee: **free** for *fib*, CTE and aicap members, www.cte-eventi.com/fibyouthsymposium/

Submission format: Scientific paper (6 - 8 pages) + oral presentation
Design report (3 - 6 pages) + oral presentation

Proceedings: proceedings will be published and research papers will be indexed on Scopus

Important dates:

- 01 June 2023: Abstract submission
- 01 August 2023: Paper submission
- 15 October 2023: Final submission
